About the Conference

Interdisciplinary research for meaningful global collaboration

ICIMS 2027 · 27-28 MARCH · ONLINE

The International Conference on Interdisciplinary Mechanism of Science 2027 (ICIMS 2027) brings together researchers, academicians, scientists, industry experts and participants from multiple disciplines to exchange ideas, share research and build international collaboration.

The central theme, "Interdisciplinary Cooperation for a Sustainable Future," connects scientific innovation with practical approaches to sustainability, responsible development and collaborative problem-solving.

GLOBAL ACADEMIC EXCHANGE

Connect research communities across disciplines and institutions.

CROSS-DISCIPLINARY DIALOGUE

Encourage collaboration between science, engineering, data and sustainability.

SUSTAINABLE IMPACT

Promote research that contributes to a sustainable future.
