Paryavaran Sanrakshan Gatividhi (PSG):

Paryavaran Sanrakshan is an organization dedicated to improving the environment. 500+ district with volunteers pan India are part of this organization. The aim of the organization is to make tangible and measurable changes to improve the quality of environment through various activities and awareness campaigns.

NSPC at a Glance:

The organisation has grown leaps and bounds achieving phenomenal results making it a success story. We were pleasantly surprised to acknowledge that 103 foreign countries participated in the competition.

We took baby steps in organising National Students Paryavaran Competition (NSPC) online in the year 2022. In this competition more than 55 thousand schools and 8,46,000 students participated across the country.

In the year 2023 more than 72,000 Educational institutes and more than 6,50,000 students participated. The icing on the cake was that 103 foreign countries also participated in this completion. This year we are expecting much more participation than previous two years.

Aims & Objectives of the Program:

1. Holistic Actions for Revival of Indian Traditions (HARIT).
2. To create awareness amongst young minds and the next generation to comprehend the in-depth complexity of the looming dangers of uncontrolled climate devastation.
3. To acquire knowledge on the job skills, competency & attitude to confront the environmental challenges & their mitigation.
