Subject:- Proposal for Cyber Crime Literacy/ Awareness Campaign in Delhi Colleges.

Sir,

The Intelligence Fusion and Strategic Operations (IFSO) Unit of the Delhi Police is the nodal agency to spread Cyber Literacy/Awareness among society in connection with crime committed in cyber space.

Given the increasing sophistication of cyber threats and the growing digital footprint of young people, it is essential to equip our students with the knowledge and skills to navigate the online world safely.

To increase digital literacy, it is requested that kindly make it mandatory for all colleges under your jurisdictions to start cyber clubs and cyber activities.

These Clubs and cyber activities would educate students about various cyber threats, such as phishing, hacking, identity theft, and online harassment. Through interactive workshops, presentations, and simulations, students would learn about safe online practices, digital etiquette, and the importance of critical thinking when using technology.

The University and IFSO Unit will significantly enhance the cyber security literacy/awareness of our young generation. I would be happy to discuss this proposal further and explore potential modalities for implementation. In case of any clarification the concerned may contact us at awareness.cyber@delhipolice.gov.in.

Handwritten signature and date: "Rajiv" and "04/12/24".
