Dear Sir/Madam

We are pleased to invite your institution to participate in "Hack the Future", a 36-hour National Hackathon organized by the Ministry of Statistics and Programme Implementation (MoSPI) in collaboration with IIEC, IIT Gandhinagar.

This hackathon provides an exciting opportunity for students, developers, and researchers to solve real-world socio-economic challenges using public data, AI, and data science.

We encourage students and faculty members from your esteemed institution to participate and showcase their innovation and problem-solving skills. There are 3 Problem Statements namely Development of an AI/ML based predictive model for estimation of Monthly Per Capita Expenditure (MPCE), Development of Semantic Search from text to National Industrial Classification Code and AI-based Legacy Data Extraction and Processing Tool in this Hackathon. For more details, visit, [iieciitgn.com/hackthefuture](http://iieciitgn.com/hackthefuture) or Mospi hackathon.

We would appreciate your support in sharing this opportunity with your students. Please feel free to reach out for any further information.

Looking forward to your institution's participation!

Best Regards,  
Trilok Chand Meena  
Junior Statistical Officer  
Data Informatics & Innovation Division  
MoSPI, R.K. Puram

# HACK THE FUTURE

## Innovating Intelligent Data Insights

A National Hackathon to Unlock the Power of Data for Societal Impact

MARCH 21-23, 2025

IIEC, IIT GANDHINAGAR

Ministry of Statistics and Programme Implementation (MoSPI), in partnership with IIT Gandhinagar Innovation and Entrepreneurship Center (IIEC), invites **passionate students, developers, and researchers** to participate in this **36-hour hackathon!** Solve critical socio-economic and development challenges using **public data, AI, and data science.**

### What's in it for you?

1. Solve real-world socio-economic challenges using AI & Data Science
2. Work with government datasets & develop innovative solutions
3. Connect with industry experts, policymakers & top mentors
4. Compete for exciting cash prizes worth ₹5.7 Lakh!

Application Period  
**February 7 - 28, 2025**

Oriantation Session  
**March 10, 2025**

Hackathon and Pitching at  
IIT Gandhinagar  
**March 21-23, 2025**

Notification of  
Shortlisted  
**March 5, 2025**

Concept Note  
Submission by Teams  
**March 11, 2025**

Registration Link
