Respected Sir/Ma'am,

Greetings from Pondicherry University! We seek your assistance in furthering the **"Skilling India" mission** and implementing the **National Education Policy 2020**, which aims to develop skilled and confident youth.

Here's an opportunity for your students to join a **free online course** developed by EMRC, Pondicherry University, India.

In April 2023, this course received the **Best MOOCs Award in the 24th CEC-UGC Educational Film Festival**. 2640 learners in 2021 and 2584 learners in 2022 have benefitted from this course. This course goes live for the third time on 31st July 2023.

This award-winning course introduces learners to **photojournalism and digital photography**.

It is a **Swayam Massive Open Online Course (MOOC)** on Photojournalism for **5 credits**. This course has been created thoughtfully and creatively to encourage self-employment and facilitate **learners of any discipline** to develop an interest in photography and photojournalism.

An aspiring **learner of any age from any department or centre of your institution**, with no prerequisites for admission, can join the course for free by clicking on the link below (also given in the attached poster with the link to join the course & more information to share with your stakeholders): [https://onlinecourses.swayam2.ac.in/cec23\\_ge21/preview](https://onlinecourses.swayam2.ac.in/cec23_ge21/preview)

An **in-depth review of this course** by one of the learners, Prof. Ved Kumari, Vice Chancellor of National Law University Odisha, has been published on Class Central's The Report publication.

The full review can be found here: <https://www.classcentral.com/report/review-photojournalism-free-course-swayam/>

You can take a look at some **other reviews** here: <https://www.classcentral.com/course/swayam-photojournalism-93318>

With **lifetime access** to learning resources, the 50 lessons feature 22 eminent photography experts such as internationally recognized Raghu Rai and the national photo editors of Press Trust of India (PTI) and The Hindu. This is a great way for photography enthusiasts to stay in touch with their craft and absorb insights from the masters.

The learners will learn from professionals, both eminent and young Indian photographers, photo historians and curators, including Avani Rai, Avinash Pasricha, Desikan Krishnan, Dinesh Krishnan, Gopinath Sricandane, Gurinder Osan, India in Photobook, Madhura, late Navroze Contractor, Nimit Nigam, Poochivenkat, Prashant Panjiar, Raghu Rai, Prof. Sabeena Gadihoke, Sanjay Prasad Ganguly, Saravanan Janakarajan, Saumya Khandelwal, Selvaprakash Lakshmanan, Shantanu Krishnan, SR Raghunathan, Tanvi Mishra and Vicky Roy.

Along with the four quadrants with teaching-learning materials, we offer a direct connect with the learners via practical photography assignments and sharing with peers through the course Facebook group, Google discussion forum, and regular live online interactive sessions. The course also offers opportunities to participate in national and international photography competitions and win exciting prizes.

The National Testing Agency will conduct the final proctored examination, and students will get a Swayam certificate and credit transfer as per UGC's guidelines and your institution's policy.

Please circulate the information widely. The **following attachments** can be used as per your need:

- WhatsApp poster Photojournalism MOOC 2023
- Web & Print Poster Photojournalism MOOC 2023
- Best MOOCs Award by CEC UGC in April 2023

If you have any queries, I would be glad to be of service to you.

Warm regards,

Dr. Radhika Khanna  
 Course Coordinator (Photojournalism MOOC)  
 Director i/c, Educational Multimedia Research Centre  
 Head i/c, Department of Electronic Media & Mass Communication
