# PYDELHI CONFERENCE

Conference on Python Programming Language

## About the Conference

PyDelhi conference is hosted annually by PyDelhi Community with an aim to promote Python programming language, for all. We provide a single platform for programmers — from different domains & enthusiasts from different walks such as students, entrepreneurs and professionals. Startups, SMEs & Enterprises can also sponsor, connect, showcase and hire software professionals. Experts from various domains demonstrate their application of 'Python' as a programming language, while discussion brew on recent and upcoming technologies.

**Date: August 19-20, 2023**
