Dear **Muhammed Sadil K of Motilal Nehru college Delhi ,**

Greetings from Program Coordination Team,

You are invited to apply for the **Corizo x IBM Professional Upskilling Bootcamp**, designed to provide structured learning, hands-on project exposure, and career advancement support.

This program is part of an **IBM-led initiative** focused on equipping students with practical skills through guided training and real-time project implementation.

Application Process:
Please complete the application form. After submission, the program team will contact you to guide you through domain selection, structure, and next steps.

Application Link:
Click here to apply – IBM Bootcamp

Scholarship Opportunity:

Eligible candidates can receive a scholarship of **50%** of the program fee, based on profile evaluation.

Use Scholarship Code: **SAE50**

Important: Seats in the current cycle are limited and will be allocated based on application review.

Program Overview (3 Months – Online):

- **Structured Skill Development:**
  Domain-specific learning tracks including AI, Data Science, Cybersecurity, Business Analytics, Web Development, and more, aligned with current industry requirements.
- **Capstone Project Experience:**
  Work on industry-aligned capstone projects based on real-world use cases with guided mentorship and hands-on implementation.
- **Practical Learning Approach:**
  Application of concepts through real-time scenarios, tools, and professional workflows.
- **Performance Evaluation:**
  Continuous assessment based on project work, participation, and practical understanding.
- **Placement Assistance & Career Support:**
  Resume building aligned with ATS standards, interview preparation, mock assessments, and structured placement support.
- **Opportunity Phase:**
  High-performing candidates may receive opportunities for extended project engagements based on overall performance and evaluation.

Certifications & Credentials:

- **IBM Program Completion Certificate**
- **IBM Capstone Project Completion Certificate**
- Skill Development Certification

(All certifications are verifiable and aligned with industry standards.)

Key Highlights:

- Industry-aligned structured learning paths
- Real-time capstone project exposure
- IBM-verified certifications
- Placement assistance with career support
- Opportunity for extended engagement based on performance

Support:

WhatsApp: 9945454406 (Skill Partner – Training Dept) for registration process.

We encourage interested students to apply at the earliest.

Regards,
Program Coordination Team
Corizo in collaboration with IBM
